HYDRO ACTIV

Exterior Surface Coating

The high performing exterior coating formula offers extreme durability, hardness and a permanent super gloss finish of your paintwork. As the most durable protective product on the market, it's 4 times harder than quartz based protectors and it's hydrophobic properties help repel anything that gets thrown at it.

Interior Surface Coatings

The range of interior surface coatings create a barrier against UV damage and staining, meaning that fabric, carpet, vinyl and leather surfaces are treated to protect against discolouration as well as spills and stains.

HYDRO ACTIV is a once-off application for a lifetime* of protection, designed to preserve and protect the paintwork and interior of your new vehicle.

Darkest Legal Window Film

As well as stylish looks, enjoy protection against up to 99% of the damaging UV rays and rejection of as much as 60% of uncomfortable solar heat.

This darkest legal film also delivers outstanding glare reduction and ultimate privacy. And, it offers the added safety feature of holding glass together in the event of an accident. Plus it comes with a lifetime warranty* for added peace of mind.

Driver Safety Kit

The perfect solution to help keep you and your passengers safe when you're on the road. The Driver Safety Kit contains all the items you will require to assist with any unforeseen events during your travels. Housed in a heavy duty carry bag, this kit includes:

1. First Aid Kit
2. Fire Extinguisher
